Message From The MD

Brian Howarth is the patriarch and leader of Magnet. Following in his parent's footsteps, Ernest and Janice Howarth, Brian has paved a new path for Magnet, shaping the business into the company we know today.

Being a family-owned business, the principles of honesty, transparency and strong ethics are deeply etched into our DNA. And even deeper engrained is Magnet's commitment to exceptional customer service.

"Since its inception over 50 years ago, Magnet has always placed our customers at the heart of everything we do. Our customers have shown incredible loyalty and supported us over the last 5 decades. This loyalty is built on reliability and trust - when you call Magnet, you know you will get around-the-clock support, quick service and the best technical advice around. Our people are the key to our success. We ensure our staff are at the leading edge of technology and service, through consistent training and development.

We have a passion for keeping industry running efficiently. We don't just want to sell you a product, we want to add value to your facility! How do we do it better than anyone else? We put in the time and energy to really understand you, your plant, your challenges and what you are trying to achieve. We utilise our strong partnerships, with over 50 market-leading brands in the electrical and lighting world, to offer you the most cost-effective and energy-efficient solutions.

With engineers in Electrical, Lighting, Solar and Back-up Power we have the skills, brands and experience to provide you with support and service - second to none! Let us show you what real service looks like."

BRIAN HOWARTH

Electrical

Skilled Technical Service in Electrical Supply and Solutions

We are the electrical experts. We stock quality electrical products from preferred suppliers. Our sales team is supported by trained industry engineers to provide value-packed, specialised solutions to our customers.

Let us supply you with all your electrical needs:

- < Industrial Control & Automation
- < Metering
- < Mechanical
- < Contracting
- < Explosion Proof
- < Armature Winding

Engineered Solutions for all Electrical Infrastructure

Let us help you keep your production running efficiently and effectively.

Our custom solution offer includes:

- < Mini Substations / Transformers
- < LV Switchgear
- < MV Switchgear
- < Metering & Monitoring
- < Power Quality
- < Power Factor Correction
- < Surge Protection
- < Condition Monitoring
- < Earthing & Bonding
- < Electrical Distribution Boards
